Dear Mr. Gelinas:

Please accept my personal thanks to you for your donation of an assortment of books for the benefit of the patients.

Your generosity and effort contribute towards a better quality of life for our patients. I continue to find it most rewarding to be affiliated with people who so willingly desire to "Give Something Back" to the hospitalized veterans with whom we are charged.

On behalf of the hospitalized veterans and staff of the Coatesville VA Medical Center, I thank you.

Sincerely,
